LOAD RESTRAINT | LIFTING | HARDWARE | PPE | SIGNAGE

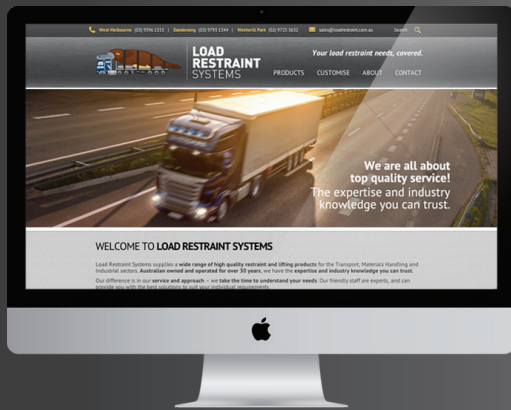

Call 1300 577 797 (1300 LRS SYS)

Your load restraint needs, covered.

Load Restraint Systems is your dedicated supplier of quality restraint and lifting products.

Servicing the Transport, Materials Handling and Industrial sectors our extensive range covers everything from ratchet assemblies to signage, safety to lifting equipment.

We can also provide custom solutions – tailor-made products suited to your requirements! We supply only the highest quality products, Australian-made where possible, meeting the strictest of Australian standards.

We are excited to announce the re-launch of our brand and a **NEW website with resources and product information accessible 24/7**. Visit us at www.loadrestraint.com.au to view our range or request a quote online.

We may have a new look, but we still have the same **dedicated, friendly team here to serve you!** No matter the project, our qualified team will take the time to understand your needs and work in partnership with you to reach your desired outcome. With over 30 years of industry experience, we have the expertise and knowledge you can trust.

At Load Restraint Systems, **all of your restraint needs are covered in one place!** Call us today on 1300 577 797 or contact us online and ask us how we can assist with your project.

FEATURED PRODUCTS

WINCHES

CLIP ON WINCH WITH STRAP

Clip on truck winch complete with 50mm x 9m webbing strap.

CLIP ON WINCH - RATCHET TYPE

Clip on truck winch with ratchet cap.

GATE WINCH - BARE

Weld on truck winch without strap.

SLIDE ON WINCH WITH STRAP

Slide on truck winch with 50mm x 9m webbing strap.

WINCH BARS

Winch bar for pre-tensioning and safe release. Available in various lengths.

BX600

Available in 8mm and 10mm. Drop forged steel, high strength transportation load binder. 360-degree swivel hooks. Special handle angle prevents finger trap & allows easy release. Designed for heavy-duty transport use.

RATCHET TYPE

Available in 6mm, 7-8mm, 10mm and 13mm. High quality, drop forged construction, high strength. Lever style - no requirement for locking of handle.

MAXIBINDER

Ergonomically designed for a higher pre-tensioning strength. Safe, quick and easy to use. 1/8 Chain link length adjustment. Alloy steel, heat treated for durability. Designed and manufactured by Australian Lifting Centre.

LOAD BINDERS

GRAB TYPE

Available in 6mm, 7-8mm, 10mm and 13mm. Individually proof tested. Drop forged steel, high strength, 360-degree swivel hooks. Designed for heavy-duty transport use.

WEBDOG

50 mm yellow webbing assembly, fitted with 8mm swivel grab hook at each end. Safe alternative to load binders - includes tension force indicator and avoids dangerous kick-backs. ABS step by step release mechanism.

FEATURED PRODUCTS

LIFTING

FLAT LIFTING SLING

Available from 1 – 20 tonne varieties, in lengths from 500mm upwards.

ROUND LIFTING SLING

Available from 1 – 20 tonne varieties, in lengths from 500mm upwards.
